

Swissphone Training 2026

Trainings are offered by Swissphone Wireless AG and its subsidiaries to their customers and partners. To ensure that the trainings can be offered in the desired language and at the desired time, trainings must be purchased from the Swissphone subsidiary of reference.

Terms and conditions of participation and cancellation Registration:

Registration confirmation and invoicing: You will receive a written confirmation and invoice from us approximately two weeks before the training date. The invoice is payable immediately upon receipt. The training costs are per participant and include the training materials and one day's catering, including VAT. Costs for accommodation, travel to and from the training centre are not included in the training costs.

Cancellation by the participant: Cancellations by participants are free of charge if they are received in writing at least two weeks before the start of the training. In the event of later cancellations or non-attendance, the entire participation fee will be charged. If you are unable to attend in person, your representative may of course take part in the training course.

Conduct of a training course: Swissphone reserves the right to cancel for organisational reasons, as well as to make changes to the programme or schedule and, if necessary, to change speakers. A minimum of **three participants is required for a training course to take place. The maximum number of participants is usually limited to ten participants.**

Training location: Swissphone Samstagern
